

Alvin Saechao

Project Manager

Alvin is a proactive construction professional specializing in affordable housing rehabilitation projects. Known for strong coordination, scheduling, and problem-solving skills, he manages complex projects with a focus on communication, organization, and delivering quality results on time and within budget.

As a D+H Project Manager, Alvin oversees all phases of construction projects from preconstruction through closeout, managing schedules, budgets, subcontractors, documentation, and client communication. Working closely with owners, consultants, field teams, and leadership, this role drives project execution while ensuring quality, safety, and successful project outcomes.
