

Fremont Family

This new development will have 54 units on a 1.37-acre property. The units will be comprised of one, two, and three-bedroom units, as well as a manager's unit. The development will provide permanent supportive housing for formerly homeless families or those on the verge of experiencing homelessness. Residents will have access to on-site property management and social services offices, community room, electric-vehicle chargers, laundry room, recreation areas, and an outdoor patio.
