

Jim Bourque

Senior Project Manager

Jim is a senior construction project manager with extensive and diverse project management experience. He has also worked as a superintendent and director of construction operations. He is a highly effective team leader with a proven ability to successfully manage and deliver multimillion-dollar projects that have consistently exceeded customer expectations, on time and on budget. Jim is able to manage multiple complex projects simultaneously, utilizing his exceptional communication and interpersonal skills. He works effectively with superintendents, subcontractors, architects, engineers, and inspectors, and has managed project budgets up to \$250M.
